

LYONS FEDERAL BANK

Written Testimony

Dear Kansas Association Of Beverage Retailers,

Lyons Federal Bank supports your efforts to oppose Kansas House Bill 2200. This bill could alter the Kansas retail liquor industry by potentially diminishing and closing multiple Kansan-owned small businesses. These small family owned businesses are the life blood of our rural communities and are an essential part of our rural economy and the area our institution serves.

Sincerely,

Shane W. Edwards
Executive Vice President
